

BRUCE ABUGOV

PRINCIPAL

Mr. Abugov is a Principal at Abugov•Kaspar with over 25 years of consulting experience as both a Registered Architect and Professional Engineer.

Mr. Abugov is uniquely qualified to coordinate and manage all disciplines involved in every project. Mr. Abugov handles most development approvals and is comfortable and very capable in public speaking and presentation of projects to Communities, Planning Commissions and Municipal Council members.

Mr. Abugov has a broad understanding of development issues including land and building development economics.

Mr. Abugov is a LEED accredited professional and an advocate of sustainable design.

Mr. Abugov is registered in British Columbia as both a Registered Architect and Professional Engineer.
